UPSCALE DOWN TO THE LAST DETAIL.

Redesigned alloy wheels

New rear lights with a strong signature and 3D effect

Latest Nissan family identity with "V-motion grille"

New "shark fin" antenna with redesigned rear bumper

SLEEKER LOOKS SMARTER DESIGN.

It's never looked, or felt better. Featuring an impressive range of styling updates including a sleek new headlamp design, redesigned alloy wheels and front grille and hood design, the New Nissan QASHQAI is more sophisticated and dynamic than ever.

FINE-TUNED TO PERFECTION.

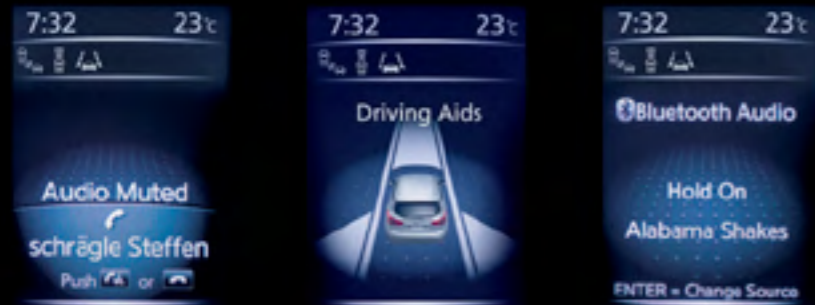

Take control with confidence behind the sporty, yet premium, new steering wheel while Nissan QASHQAI's glass roof on the Tekna model lets the light pour in.

NISSAN ADVANCED DRIVE-ASSIST DISPLAY
**MORE ACTION
LESS DISTRACTION.**

New Nissan QASHQAI's Advanced Drive-Assist Display puts all your info right in front of you - just toggle between the screens using the steering wheel controls. Easy.

MAKE A LASTING IMPRESSION

FIRST CLASS TRAVEL IS WHAT YOU DESERVE – and what you get every time you step inside the Nissan QASHQAI. The leather interior grips you firmly with its spinal support seats and cushioned kneepads, while ambient lighting enhances the feeling of luxury and comfort. Now the journey really is the destination.

ROOM WITH A VIEW.

Keep an open mind - There's always space for more. Fold down a rear seat or make a full flat floor for bulky gear, and use those smart storage spaces to avoid clutter.

A bucket-type glove box and phone-holder with USB/12V power sockets and a twin cup holder come in very handy.

860L WITH FOLDED SEATS

430L BOOT SPACE

GET A HAND WHEN YOU WANT IT
RELAX, YOU'RE NOT ALONE.

Nissan Intelligent Mobility is taking your driving experience to the next level. It's bringing you and your Nissan QASHQAI closer through Intelligent Driving technologies that make you feel more confident and in control. It's turning driving into a more exhilarating experience and making the road a better place to be everyday.

RIGHT ON THE NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.

SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

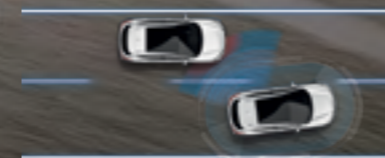

**SEE MORE AROUND YOU
A WHOLE NEW PERSPECTIVE.**

Parking and manoeuvring is a breeze when you've got an extra pair of eyes. The Nissan Intelligent Around-View Monitor on the Tekna model uses four cameras to give you a virtual bird's-eye view of your Nissan QASHQAI with selectable split-scene close-ups of the front, rear and kerbside to give you an even better look. You'll be sure to fit into your chosen spot and every move you make will be simpler and more precise.

**SEE MORE AROUND YOU
IT SENSES MOVEMENT AND
STEPS IN WHEN YOU NEED IT.**

Nissan's Intelligent Driving technologies use advanced radar technology to constantly monitor activity going on around you, always on the alert and ready to step in to keep you out of any unexpected situations.

BLIND SPOT WARNING

Boost your vision: the system will warn you if there are vehicles in the blind spots diagonally behind the car.

INTELLIGENT EMERGENCY BRAKING

New Nissan QASHQAI looks out for you - and those around you. If there are any objects in your way, this system will warn you. It will even help you to reduce speed if necessary.

CROSS TRAFFIC ALERT

Detect and warns you of vehicles behind your vehicle that are approaching from either side.

**DRIVE MORE LIKE A PRO
WIN CONFIDENCE,
OWN THE ROAD.**

So agile and responsive, so smooth to handle, so supple and yet secure: the New Nissan QASHQAI is a stimulating drive thanks to Nissan's Chassis Control technologies.

INTELLIGENT ENGINE BRAKE. This technology adds engine braking and reducing the burden when cornering or braking in all CVT models. By minimizing the frequency and effort normally required to brake the vehicle, it makes your drive easier and more comfortable.

INTELLIGENT RIDE CONTROL. Take the rough with the smooth. This system applies subtle braking to prevent disturbance when encountering bumps and ensures a comfortably smooth ride.

**DRIVE MORE LIKE A PRO
MAXIMIZE YOUR PERFORMANCE.**

Choose the turbocharged efficiency of a petrol engine or the high performance diesel powertrain, downsized for enhanced fuel economy and lower CO₂ emissions.

DIESEL & PETROL DRIVETRAINS. Opt for the 1.2 petrol or the 1.5 dCi diesel engine for optimum fuel efficiency and performance.

BE DISTINCTIVE STAND OUT IN STYLE.

Add a distinctive edge to your Nissan QASHQAI with an elegant pack of chrome finishers and a matching pair of chrome mirror caps. Add a Nissan Approved coat hanger which is perfect for those occasions whereby you need to keep your clothing pristine and arrive in style.

Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

Nissan's commitment to quality: to provide all customers with a consistently high level of quality, Nissan applies the standard worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.

NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that change your EV as you go along. It's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
